Dupla: Luiz Tagliaferro - 31861806 Edison Aguiar - 31812295

# 1)

Sim, pois possui o seguinte circuito hamiltoniano:

$$C_G = (v_1, v_2, v_3, v_6, v_5, v_4, v_1)$$

### 2)

#### **a**)

Nenhuma. Pois caso haja alguma, eu nao consigo formar um circuito hamiltoniano.

#### **b**)

Nenhum. O mesmo principio de aresta de corte, pois nao sera possivel fazer um circuito.

### 3)

#### **a**)

Precisamos adicionar 2 arestas para que ele fique euleriano.

**c**)
